Memo

Subject — Acquisition of a site and the construction of a new school house for the Empress girls school at Tumkur

Last Reference — No 8045/363 of 8 4 97 from the Inspector General of Education

On the 22nd July 1896 the Inspector general of Education wrote to government to say that a sum of Rupees 2000/ was received from the Jubilee Endowment Fund of the Empress' School, Tumkur, to meet a portion of the cost of a new building which it was necessary to construct for the school, that from the said amount a house was purchased for Rs 1100/- as per orders of government,

635/45 (Secret (No 6))

C No 35-7 of 22 8 93 (Education)

that the house being too
small it was proposed
by the School Committee
to purchase a vacant
site and to build a
new school house and he requested
government that a
application under the
Land Acquisition Act may
be published in the Gazette
for acquiring the site

~~The Inspection~~ In reply
the Inspector General was
requested to give information
on the following points

1900
Ed 71
S S & 96
Serial No 9

The average daily
attendance of the
Empress Girls School Tumkur
for the last 5 years

2 The Estimated cost
of acquiring the site

3 The cost of the proposed
Construction of a new
building

1810/121 & 28 & 96
S. . C 3. 10

In reply the Inspector General stated that the cost of acquiring the site would not be more than Rs 500/ and that the cost of building a new school house would be Rs 6000/- The number on the role of the School on the 30 June for the last 5 years was as given below

1891 92	131
1892 93	115
1893 94	100
1894 -95-	143
1895 96	121

The Government observed that out of the Jubilee funds of Rs 5294-12 4, Rs 2000 was set apart for building purposes out of which a sum of Rs 1100/ had already been expended in purchas -ing the present house, that about Rs 500/ was stated to be needed to acquire the site leaving a balance of

3459 & 9 9 96
Ed 126
(S - C 7. 11)

of Rs 400/ only and ~~requested~~ enquired
~~to be informed~~ how the
Inspector General proposed
to meet the 6000 Rs which
he anticipated as necessary
for building a new school
house and ~~ask~~ whether,
having regard to the fact
that there had been no
great increase in the strength
of the school for the past
5 years a separate building
at such a cost was necessary

The Inspector General
wrote to say that the 2000/-
Rs set apart by the sub-
scribers of the Tumkur
Jubilee Fund for a building
for the Empress' girls school
was not meant to cover
the whole cost of the build-
ing but was merely a
contribution from the
people towards the cost of a
new building and that

2362 & 17 9 96
165
Series No. 12

Government could be asked to sanction a sum of Rs 4000/ for erecting a new building and that unless a new building was erected for the Empress Girls School there was not much chance of the attendance increasing

+ 4401 / Ed 156 § 29 9 96

(Secn (No 13)

Government observed that what was originally proposed by the managing Committee of the school and accepted by Government was that out of the Fund belonging to the School Rs 2000/- should be ~~appro~~ spent on a new building for the school and the rest invested as an endowment Fund Neither Mr Bhabhas memo § 20 11 90 nor the correspondence on which the orders of Government § 29 12 90 and 22 12 91 were passed Shewed that the Rs 2000/ was intended merely as a contribution towards the cost of a new building as now alleged

When the School was taken over by government the building in which it was to held was valued at Rs 500/- & and the understanding was that out of the Fund then in the Savings Bank Rs2000 should be appropriated for a Suitable school building, and it was with that Object that Sreenivasayengars house was purchased As there ~~has~~ was been no great increase in the average attendance of the pupils during the past 5 years government considered that there will at present no necessity for acquiring the additional site proposed or for spending more than 2000 Rs as originally intended

In reply the Inspector General Submitted that neither the Subscribers & the Jubilee Fund of Tumkur

7263/335 8/10/3/97

nor Government at the time of accepting the Fund were of opinion that the cost of providing a new building should be limited to Rs 2000/- plus Rs 500/- the value of the present School house It was not believed that a new School house at Tumkur would cost only Rs 2500/, the Subscribers of the Jubilee Fund expected Government to contribute a Sum which would at least be equal to their own contribution towards the cost of the new building and that a house to provide accommodation for 130 girls would probably cost Rs 6000/ or more If on reconsideration Government were pleased to hold out hopes to construct a proper School house, the Site proposed might be acquired -

In issuing a notification for the acquisition of the Site aforementioned Govern- ment ~~directed~~ directed the

10930 Ed 7 34 96 § 2 4 97

10928 29 Ed 7 34 96 § 2 4 97

Inspector General to
ascertain and report
why the whole of the endow-
ment fund should not
be devoted to the provision
of the suitable accom-
modation for the School which was a Govt institution, the whole of the expenses of which could be charged to the public revenues
~~[illegible] which~~ case the
entire ~~expenses~~ connected
with the work as can properly be
~~charged to the Public Revenue~~

In reply the Inspector

information of Government
the following Resolution of the Subscribers
of the Empress Jubilee Fund
passed at a meeting held on
the 9th September 1890

"That the Subscribers decide
on giving the amount (Rs 5-299-12 4) now standing
in the Government Savings
Bank in the name of the
Deputy Commissioner of Tumkur
to the Empress' Caste girls
School on the under-
standing that all such

" that minus 2000 Rs which
" may be appropriated for
" providing a good building
" for the school shall be
" invested as a fund for the
" school and the interest
accruing thereon devoted
" towards the current expenses
" of the school"

Submitted for order

17/4/97

Subject to Secty

The Insp.r General has not given a direct reply to the question put in Pro.r No. 10928-9 Ed 34-96 dated the 2nd instant as to why the whole of the endowment fund should not be devoted to the provision of suitable accommodation for the school.

The Resolution dated 1st July 1890 passed by the Subscribers to the Empress Jubilee Fund

We may be asked to do so — AM

copy of which is now sent,
is not unknown to Govt,
it being referred to in
Ltr No 2 in the File and in
subsequent correspondence

If all the expenses connected
with the school including contingencies,
prize books &c, are borne
from public funds, the school
having become a Govt
institution, there is no reason
why the whole of the Endowment
Fund, amounting to Rs 5299/—
should not be appropriated
towards the construction of
a new School building
If, on the other hand, it be
deemed desirable to adhere
to the terms of the Resolution
of the Subscribers of
1st Sept 1890, then the Govt
is entitled to have its annual
current expenditure on the
school reduced by the

to explain
report on this
point

Mr

interest on Rs 3299/- set apart under that Resolution for the current expenses of the School Whichever way this point may be settled, a good case seems to have been made out for the construction of a purely commodious building for the School. A plan and Estimate may, it is submitted, be called for

KK
18/4/97

Subject Boards

Mr Bhadra evidently means that the School Committee have no power to direct the Fund from the Income for which it was given to the School by the Jubilee ~~Loan~~ Fund Subscribers. There is certainly some force in this. At this distance of time it may not be possible to consult the Subscribers of the Jubilee Fund. It seems clear that they did not intend that the whole of the Fund should be used up for a building. Until the matter has now reached a stage

let Mr Bhadra say so - if he finds it impossible to ascertain the wishes of the donors - In that case the construction of the words can only be under taken as funds are available + if ever a time if the rise of the interest of Rs 3299 would enable

at which a trial decision should be come to by Court if decision thereby is necessary & may be provided at Court con-

31 (a)

Note

The collection of a sum of Rs 5299 (old) called the "Jubilee Fund" and the opening on the 16th Feb of a high caste girls school called the "Empress' girls school" were the two remarkable events at Tumkur in connection with the Jubilee celebrations of 1887

2 The Girls school was started with the idea "that the amount "required for maintaining the schl "for one year should be subscribed "by the friends of the Institution, "and when the school was fairly "established the Government should "be asked to take it over" Hence no connection seems to have existed between the Girls school and the Jubilee Fund at the outset

vide Education secretary's memo dated 20th November 1890 (page 1 Sl No 1 (A))

3, The Government subsequently in Sep 1887 sanctioned a grant of Rs 25 per mensem in aid of the Girls school "with this Govt "grant, Subscriptions collected from "the public, the interest on the

× G O No 2171-73 Dated 15th September 1887 Sl No 1 (B)

"on the Jubilee Fund and a
"small grant promised by the
"Mysore Branch of the National
"Indian Association the Girls
"School Continued to be maintained"
till January 1891 when it was —
converted× into a Govt Institution

Education secretary's memo
Sl No 1 (A)

× G O No 142-45 dated 6th 29th December 1890

141 There is nothing in the records to show what led the Subscribers of the Jubilee Fund to allow of the interest on the fund being utilized for the Girls' school Probably there might have been no other idea than that of helping an institution such as the Girls' school which was started by the people and which received but a small grant from Government

5 The relation between the Girls' School and the Jubilee Fund became stronger and more marked when the Subscribers at a meeting held on the 18th September 1890 — resolved to this effect —

"To hand over the amount (Jubilee Fund)
"to the managers of the Empress Girls' School

order serial N 2

"on the understanding that Rs
"the total amount Rs 2000/ shall
"be reserved for the purpose of —
"providing the girls' school with a
"suitable building and the remain
"der invested, the interest
"accruing from the latter sum
"being devoted towards a portion
"of the current expenses of the school"
This resolution was accepted by
Government The girls' school was
recommended to be taken over by Govt
with its buildings and its Endowment
Fund from the 1st January 1891 This
was sanctioned by Govt as has been —
already stated Thus the Jubilee
Fund became an Endowment
Fund to the girls' school and it
was placed in the Custody of the
Comptroller with instructions
to deposit the Building Fund Rs 2000/
in the Govt Savings Bank & invest the
remainder (3299 & odd) of the Endowment
Fund in Govt of India paper
& to hand over the proceeds of —

Sol No 2

Of the two investments to the President of the managing Committee of the Girls School this was done accordingly the interest being practically spent after the Conversion of the School into Govt institution, on the purchase prize books and in awarding scholarships etc -- (thousand per resolutions of the subscribers in 1890)

(b) Out of Rs 2000 reserved (Building Fund for providing accommodation Rs 1100/ & 500 have been spent in purchasing a house and in acquiring a site adjoining but leaving a balance of Rs 400/ × serial No 3 × G P No 10928-9 dt 2-6-97 Ed F 31-96 F (sl No 17)

7 The necessity of constructing a building for the girls school was strongly urged by Mr Bhabha while proposing for the acquisition of the site referred to above and the further correspondence (briefly put in the accompanying Memo) paved the way to the question why the whole of the Endowment (Jubilee) Fund should not be devoted to the provision of a suitable accommodation to the girls' school which has now sl No 17

now become a Govt Institution,
the whole of the current expenses
of which being charged to the
Public Revenues

8 Mr Bhabha was finally
asked to ascertain in Communication
with the Deputy Commissioner if
necessary, the present views of the
Subscribers on the question the
enclosures to his present Comm.
~~from~~ the Show that the original
object with which the Jubilee
Fund was raised was "to[x] erect
"a permanent memorial in the
"town of Jumkur either in the
"shape of a market or reservoir
"for drinking water with distri-
"-buting pipes to be called after
"the name of Her most Gracious
"Majesty the Queen Empress of India

(9) This original object seems
to have been lost sight of by the
Subscribers both prior to and on
the 18th September 1890 when they

SL N 22

[x] Please see extract of the Jubilee
Pro 87 Enclosure to the Dy's
present Communication

they resolved to hand over
the Fund to the managers of
the Girls' school (vide para 5)
Nor this original object abandoned
by them even now, for they, at a
Meeting convened by the Deputy
Commissioner on the 17th August 1897
to answer the question raised by
the Government in G.O. No 1762, (para 7 of this note)
have again resolved to the effect
"that as the original object
"with which funds were raised
"for a permanent memorial in
"connection with the Jubilee celebration
"of 1887 was the erection of a
"Town Hall at Tumkur and as
"the Empress' Girls school for the
"establishment and maintenance
"of which the funds were subsequently
"utilized has become a Govt —
"Institution, the amount now
"remaining together with such
"collections that may be made
"in connection with the Diamond
"Jubilee, be utilized for the Construction

"of a Town Hall at Jumkhan
"in commemoration of the Completion
"of the 60th year of the reign of
"H. M. the Queen Empress,
"the value of the two buildings
"now estimated at more than
"Rs 2000/ which were purchased
"out of the Collections (of 1887) being
"regarded as a Contribution
"towards the Cost of a building
"for the Empress Girls school"

(10) The Deputy Commissioner, while bringing to the notice of Govt. the urgent necessity of providing a suitable building for the girls school, does not recommend the utilization of the Jubilee Fund for the purpose On the other hand he is in favour, as per resolution of the subscribers during 1897, of the erection of a standing memorial in connection with both the Jubilees

11 Mr Bhabha says that

Rs

the matter is one that should be decided by Government while ~~the~~ is opinion that the subscribers are not justified in receding now from their Resolutions of Sept 1890.

12 Submitted for orders

HCS

8299

The Subscribers to the Jubilee Fund held in contemplation in February 1887 to erect a permanent memorial in the town of Dunkeld in the shape of a market or drinking water reservoirs.

Nothing was apparently done to carry out either of these proposals and in Sept-1890 they

they decided to mark
something substantial
the Empress Coronation
Girls School which was
the first girls institution
that was started by
Sir Dadabhai Naoroji
Sir Dadabhai Naoroji
the conditions of the
endowment was that
Rs. 2000/- of the same
should be appropriated
for providing a
good building for the
school. It was consi-
dered that a Girls
Girls School in Ganesh
and as Rs 2000 was
found insufficient
for the purpose in
dicated
over

the undersigned Mr Bhabha
he was asked to report
in consultation with the
are subscribers by the whole of
from the Endowment Fund
should not be utilized
in finding suitable
accommodation.

According another
meeting of the principal
subscribers was held by the
Dy. Comm. on 17th
Aug '47 at the request
of Mr. Bhabha and
their present resolution
to utilize the balance
of the Endowment Fund
for the construction of
Town Hall at Juinkur.
Bhabha submits
that it is for Govt to

degree whether the Subscriptions can be permitted to recede from the decision they deliberately arrived at on 1st Sept 1890 the Dr. Council favours the present views of the Subscribers mainly on the ground that the School has now become a Govt. institution and has strictly speaking no claim whatever on the Jubilee Fund. But the fact remains that the claim is one of the Subscribers own creation

the Dr. Council

...ently the urgent
necessity for a good
building for the School
is now held in a
rented house belonging
to the V.F. Harris Manufacturing
and if he is disposed
to sell it its purchase
for the permanent
use of the School is
strongly recommended,
as it is situated in
the Centre of the
town. No idea is given
of its probable price
or what the sale of the
old school building &c
might be fetch. The
original proposal
was to construct a
fire brick I for the
school at a cost

Rs 5000/or 6000/
a good site, as stumpt
& cost Rs. 500/- has
been selected, and
to acquisition duly
notified on the 2nd April
/97.

To

The Secretary to the Government of Mysore
in the Revenue & General Departments,
Bangalore

Sir,

I have the honour to inform you that by Order C No 238-40, Educational, dated the 22nd December 1891 a sum of Rs 2000 was reserved from the Jubilee Endowment Fund of the Empress' School, Tumkur to meet a portion of the cost of a new building which it is necessary to construct for the school From this amount a house belonging to one Srinivasaiengar not far ferom the present building of the school was purchased for Rs 1100 in accordance with the instructions conveyed in Government Order C No 35-7, Educational, dated 22nd August 1893 That house is too small for the accommodation of the school It has been purchased because it is situated in a convenient part of the fort of Tumkur It is proposed by the school Committee to buy

a vacant piece of ground in the vicinity of Srinivasengar's house which measures 19 × 14½ yards and which belongs to one Ramanujengar When this vacant site is purchased it is intended to pull down Srinivasengar's house and utilise the materials of the house or their value towards constructing a new building on the whole site composed partly of Ramanujaiengar's land and the land on which Srinivasengar's house now stands The whole site will measure 900 yards and afford space sufficient for the school building, outhouses and a play ground. The Committee of which the Deputy Commissioner is President now requests that Government may be good enough to notify that the vacant piece of land belonging to Ramanujaengar is required for a public purpose under the Land Acquisition Regulation The particulars of the piece of land

are

Furnishing the information called for regarding the Empress Caste Girls' School at Tumkur with reference to the cost of the proposed building site, the average attendance for the last five years and the cost of constructing a new schoolhouse.

Rd 4/9/96
Submitted

Subd to Govt

Of the Jubilee Fund of Rs 5299-12-4 with which the School was endowed in 1890, Rs 2000 was set apart for building purposes, the rest being invested in Govt of India paper.

Of the 2000 Rs, a sum of Rs 1800 has been already expended in purchasing the present house, & about 500 Rs is stated to be needed to acquire the site now applied for.

Consequently, it is not apparent how the Insp-Genl proposes to meet the 6000 Rs which he anticipates as necessary for building a new school-house.

The average number of girls has been more than a hundred.

~~SIR,~~

Sir,

With reference to your docket No 1900/Ed 71 of the 5th August 1896, I have the honour to inform you that the cost of the site proposed to be acquired under the Land Acquisition Regulation for the building of the Empress Caste Girls' School at Tumkur will not in the opinion of the Committee of the school be more than Rs 500 I request therefore that Government may be pleased to sanction the payment of the amount from the available balance of the building fund, set apart from the Tumkur Jubilee Fund and deposited in the Bangalore District Savings Bank by the Comptroller on

account of the Empress Caste Girls' School at Tumkur (Vide Government Order (Ed.) C No. 238-40 dated 22nd December 1891)

2. The number on the roll of the school on the 30th June for the last five years is given below.

1891-92	131
1892-93	115
1893-94	100
1894-95	143
1895-96	121

3 The cost of building a new school house will be about Rs 6,000 and about 700 Rs maybe realised by the sale of the present house

I have the honour to be,

Submitting certain particulars in connection with a new building required to be erected for the accommodation of the Empress' Caste Girls' School at Tumkur

Rd 22/9/96

Submitted with reference

23/9

Sir,

I have the honour to submit herewith a statement showing the particulars called for in Government Order No 6-30 Public dated 23rd September 1896.

2. The Tumkur Caste Girls' School is at present located in a rented building which is not suitable for the purpose. The Endowment Fund of Rs 2000 mentioned in the Government Order under reference is not sufficient to meet the cost of a suitable building for the School and the Inspector has therefore proposed that a sum of Rs 3000 should be sanctioned from the Public Works Budget for the purpose, the balance of Rs 1000 being met from the Endowment Fund. The Deputy Commissioner of Tumkur has also been consulted in the matter and has expressed his willingness to contribute Rs 500 out of the District Funds towards the cost of the building.

3. The Inspector has submitted a plan and estimate for the proposed building, which I have the honour to forward herewith. The estimate amounts to Rs 3,500 and it is proposed that the Endowment Fund of Rs 2000 should be appropriated for the building, the remainder of the cost being met as a loan from the interest of the Public Works Deposits, which will be repaid in annual instalments of Rs 500 each from the Public Works Budget. The Inspector has also submitted a statement showing the probable annual expenses of the School after the completion of the new building, which amount to Rs 1,200 as against Rs 1,000 at present. The increase of Rs 200 will be met from the Endowment Fund.

4. I have the honour to request that the necessary sanction may be accorded to the proposals detailed above.

SCHWABHA, I.C.S.,

~~Inspector-General of Education in Mysore,~~

To

The Secretary to the Government of Mysore,
General and Revenue Departments,
Bangalore.

SIR,

With reference to Order No 3489/Ed 126 dated 9th September 1896, I have the honour to inform you that the Rs 2000 set apart by the subscribers of the Tumkur Jubilee Fund for a building for the Empress' Girls' School was not meant to cover the whole cost of the building but was merely a contribution from the people towards the cost of a new building. At present the school is located in a dwelling house with small rooms which is quite unsuitable for a school. As building sites are not easily secured within the fort of Tumkur, the house of one Seneveasengar was purchased from the sum set apart as a contribution to the cost of a new building from the Jubilee Fund, and the Committee now desire

to secure some adjoining land Government will be asked to sanction a sum of about four thousand Rupees for erecting a building at some future date. For the Wesleyan Mission Girls' School in the Fort of Tanjore which is attended chiefly by non-brahmin girls, the Mission has erected a splended school building at a cost of over 11,000 Rs. The attendance of the mission school is 117 Unless a new building is erected for the Empress' Girls' School there is not much chance of the attendance increasing.

I have the honour to be,

Sir,

Your most obedient servant,

H J Bhabha

Inspector General.

Correspondence ending with letter No 2362/165 dated 17th Sept 1896 from the Inspr Gl of Edn in Mysore on the Subject of acquiring a piece of land for Constructing a new School house for the Empress Girls School at Tumkur

Order thereon No 4401/Ed 156 Date 29-9-96

It is observed that what was originally proposed by the managing Committee of the school and accepted by the Govt was that, out of the balance of the School Endowment Fund, Rs 2000 should be appropriated for a new Suitable building for the

Edn Sec Cr 28-9-96

Submitted Bro'ght 28-9-96

Issued 28-9-96

School and the rest invested as a Government Fund. the interest of which to might be used to defray a portion of the current expenses of the school. Neither the correspondence nor the orders of Govt of 29 Sept 1890 & 22 Dec 1890 were passed when Mr Bhabha's Memo of 20th November 1890 that Rs 2000 was the estimated cost of the whole building. The present representation that 2000 Rs was intended merely as a contribution towards the cost of a new building as now altered — — When the School was taken over by Govt the building in which it was held was valued at Rs 500 and the understanding was that out of the Endowment Fund there in the Savings Bank Rs 2000 should be appropriated for a suitable School House & it is with that object in view the house was purchased —

2 As there has been no great increase in the actual attendance of the pupils during the last 5 years the Government consider it does not appear to be necessary at present to ~~Govt~~ that there is any necessity for the additional sum proposed for acquiring or for spending

More than 2000 Rs as originally

~~Sanctioned~~ intended

From

H J BHABHA Esq.,

Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysr.
in the General & Revenue Depts,
Bangalore

SIR,

With reference to Order No 4401/Ed 156 dated 29th September 1896, I have the honour with all due deference to the opinion of Government to submit once more that neither the subscribers of the Empress' Jubilee Fund of Tumkur nor Government at the time of accepting the Fund as an Endowment Fund of the Tumkur Empress Girls' School were of opinion that the cost of providing a new building should be limited to Rs 2000 + Rs 500 the value of the present school house As Education Secretary I had more than one conference with the Honorary Secretary of the school and the Deputy Commissioner of Tumkur on the subject of the uses to which the Jubilee Fund might be put, and none of us believed that a new school house in the town of Tumkur would cost only Rs 2500 The Subscribers of the Jubilee Fund fully expected

whatever may have been the wishes of the Committee or of the Edn Dept it was not clearly explained to the Committee nor is it in the order of 29 Sept 1896. AH

Government to contribute a sum which would be at least equal to there own contribution towards the cost of the new building Nor is such an expectation to be wondered at when the cost of constructing a decent school house in the town of Tumkur is taken into consideration A fairly good school house could be constructed at a total cost of Rs 5,000 which would accommodate the present number on the roll, but a house providing for the accommodation of 150 girls would probably cost Rs 6,000 or more

2 There can be no doubt that the present house in which the Tumkur Empress' school is located is utterly unsuitable for school purposes and is such as would reflect no credit upon any public or private agency maintaining a school in it. It is a dwelling house with a low roof consisting of two rooms which together measure 30 ft × 23 ft Into these two rooms five classes are huddled together. There is neither sufficient light nor ventilation, and to make matters worse, there is a latrine in a small open yard immediately behind the hinder of the two rooms which renders the whole school house unsanitary

3 Under these circumstances if Government is not pleased to grant funds for the better accommodation of the school I would recommend that it be closed altogether and the Jubilee Fund returned to the subscribers to be put to some other use

4 But if on reconsideration

Government is pleased to hold out hopes to the subscribers of the Jubilee Fund and the people of Tumkur that sufficient funds will be granted to construct a proper school house at a total cost of Rs 5000 or 6000, of which Rs 2500 will be met from the Jubilee Fund, then I would recommend once more that the site adjoining Srinivasangar's house purchased for Rs 1100 from the Jubilee Fund may also be acquired at the estimated cost of Rs 500, so as to provide a fairly good site for the construction of a new school house in the near future

5 I enclose herewith for perusal and kind return docket of the Deputy Inspector of Schools, Tumkur, No 306 dated 2nd January 1897 forwarding the Proceedings of a meeting of the Managing Committee of the Empress' Girls' School, Tumkur, held on the 25th November 1896, and to invite attention to para VII of the Proceedings

Yajaman Siddappa
C Subba Rao, Moonsiff and Honorary
Secretary

Absent
Mr. Sanjeeva Bhat
Moorthachar } not in station

The business was begun at 6 P.M.

I The Proceedings of the last meeting held on the 12th July, 1896, were read and confirmed

II Read the Register of Attendance in the School, since the last meeting
The following table exhibits the number on the Roll and the Average Attendance during each period

Month	Number on Roll	Average
July	75	49
August	70	29
September	68	33
October	70	44
November	86	45

The low average in August and

September is traceable to the fevers of Cuba and the continuance of the rains in September. Improvement was perceptible in October and the normal strength was (nearly) ~~fully~~ reached in November

III Resolved that in order to afford a check on the working of the Panama establishment, each of the masters be required, at the end of each month, to send or hand over to the Secretary a memo containing the stores in the safes, in which instruction is issued to each, until, with signature of his husband, parent or guardian and the Secretary shall check, at each meeting, for the information of the Committee

IV Resolved that arrangements be made for distribution of oranges in January 1897 and that the usual examination begin on

Inere to be organised at an early date.

V Read docket no 3546/3630 dated 2nd November 1896 from the Inspector General of Education requiring definite proposals, respecting the appropriation of Rupees 18, proposed to be re-granted

The school at present consists of a Third class, a second class, a First-class, a B and an A class, numbering in all 5 classes The last or A class consists of 2 different sections, one learning the Alphabet and the other reading the First Book of the printed series The latter or the two sections of class A, forms the recruiting ground and is always of the largest strength. Popularity of the institution depends upon the Efficiency of the teaching in that class At present the highest two classes,

having the smallest number of boys are managed by the Head master until, therefore, these are much strengthened, the present arrangement will answer. The Assistant Master manages the 1st class, the second Assistant the 3 class, which are respectively 13 and 15 strong. Thus, only one Assistant master on Rs 7 is left to teach single handed, the two sections of the last class, the higher section of it has 20 boys and the lower

It has been found impossible for him to manage the class satisfactorily. Another Assistant master is consequently absolutely necessary. A competent hand cannot be secured for less than Rs 7 per month. The Committee, therefore, unanimously resolve to employ another Assistant master on Rs 7

At present a teacher is employed

on Rs 4 per month, to each Sewing
It has been impossible for this Battalion
to secure the services of a person
qualified to teach needle-work
so as to train pupils to pass the re-
quired test provided in the Curriculum.
This department of instruction is
much appreciated as practically
a very useful one in after life and
the ultimate improvement in attendance
about which both the Committee
and the Government are so very
anxious, depends in a great
measure upon providing efficient
instruction in Sewing and Knitting
The Committee therefore have been
pressing this question on the kind
attention of Government in their
Annual Report and the Proceedings
noted in the Margin

The Committee cannot hope to
supply this want without an allowance
of Rs 12 per month to the teacher

12

Rs 45

Para 4 proceedings dated 31st January 96 submitted with
No 56 dated 8-2-1896
Para 5 " dated 12th July 91, submitted with No 10 dated

upon the entertainment of a suitable person; the services of the tailor, at present employed, will be dispensed with that will save for us Rs 4 and it is proposed to utilize Rs 8 out of the Rs 18 asked for

After the abolition of the two female teachership, only Rs 8 were left within which to re-organise the teaching and the menial establishment. When that was done (See Proceedings dated 19th October 1894 and approved in Education Secretary's docket No 3833/407 dated 17th December 1895) nothing was left for contingencies. The contingencies were however, hitherto met from the rental of the old building purchased for constructing a new school. Now time has now come to put the building on hand and the old building has to be dismantled

and the rental will not be available for any length of time If a Competent teacher in needle-work be employed the expenditure for Contingencies will be larger than before In a girls' school, an expenditure of Rs 3 per month will not, it is hoped be looked upon as too large The Committee, therefore, will utilize Rs 3 per month for Contingencies They will arrange to ensure the strictest economy in the Expenditure of this item

Thus, the Committee propose appropriating the retrenched sum of Rs 18 in the following manner

1	Pay of an additional Assistant Master	Rs 4
2	Part of the pay of the teacher in needle-work	Rs 8
3.	Contingencies	Rs 3
	Total	Rs 18

VI Read the Government order no 446 dated 150
dated 29th September 1896 received
with the Inspector Generals' docket
no 2774/297 dated 30th September 1896

Government appear to see
no necessity for sanctioning the
requisition of Ramanujayengar
Sahib proposed in Proceedings of the
Committee, dated 15th July 1896; on
the following grounds

The Committee originally proposed
to spend only Rs 2000 on a new
building and that it has already
spent Rs 1100 for purchasing
Srinivasayengars house with
the approval of the Government
in order no 35-7 dated 22nd Aug 93

and

That there has been no great
increase in the Average Attendance
during the last 5 years

In dealing with the two
points, the Committee would answer

the Second point, first

In the Government order no 35-7
dated 22nd August 1893. Government
evidently agreed with the Committee
in thinking that the present building
did not suit the requirements of
a school house and that a new
building was necessary, and, accord
ingly, they kindly sanctioned the
purchase of Simmia's anyangi's house.
But from the tenor of the order no 4401
dated 29th September 1896, under Ed 156
Consideration, Government seems
to assume that the house purchased
is fit for use for the school in its
present Condition, and that a
small outlay will suffice to fit
it for occupation or will be
evident from the Committees Resolutions
Communicated in Secretary's nos 19 & 23
dated 5-8-1893 and 12-8-1893, res-
pectively to the Education Secretary

and the recent proceedings of the Committee, that the house required is of no use for the school except as a nursery and playhouse and that the materials of the building are not at all fit to be used for the new building. The present school building consists of only two ill-ventilated rooms having a total area of 30 ft × 23 ft × 10 ft = 6900 c ft, and a back yard measuring 23 ft × 20 ft. At no time was the strength of the school less than 370. Allowing even 500 c ft of air per pupil, the cubical contents of the building will hardly suffice for 15 or 20 pupils. Back-yard or play ground, there is none. Latrine and urinal are located in the school in the small open space behind, the effluvia from which is driven

directly into the rooms. This draw-
-back, in the essential requirements
of a school, was told materially
on the Average Attendance With
the remedy of the evil, a larger
attendance can confidently be
looked for. They therefore are
anxious first to provide a suitable
building and then the other im-
provements can be expected to
follow. To build on Srinivasayengars
site alone, however, would not
effectually remedy the evil
Because the space available is but
80 ft. × 70 ft. A new building
must provide space for at least
150 pupils The building projected
on this basis will occupy 60 ft. × 50 ft;
which will leave very little open
space for back-yard or play ground.
Every a Girls School, it cannot
advantageously be taken out

of the town where space can be found Having already acquired a site at a large outlay and as a more convenient place cannot be thought of, they are anxious to acquire the available adjoining vacant ground

As the owner of the site is thinking of shortly building upon it his early acquisition is earnestly prayed for This step will enable the Committee to add a space of 57 ft × 44 ft. to the already acquired space of 80 ft × 70 ft, giving a total area of 900 sq yds The two sites together will answer the purposes of a girls' school in a rising and an important town like Tumkur The money already laid out and to be hereafter laid out for building will be profitably utilized to erect a school hou

in a manner suited to answer
the reasonable purposes of it. The
Committee beg respectfully to urge
that this fact of want of great
increase in the Average Attendance
in a school, cannot obviate the
necessity for a suitable School
house; when the existing accom-
modations is both insufficient
and unsuitable. Again having
laid out money for remedying
the evil, the small additional
expenditure towards adding to
the site acquired, a small adjoining
site, in order to turn the whole
into a useful property cannot
be grudged even a private owner
of property would not let go
such an opportunity. The Committee's
estimate of the Cost of the acquisition
of the new site viz. Rs. 500 will
include the highest reasonable price,

likely to be set upon it by a court including any cost of litigation that may have to be met. The Committee will feel confident that on a fair consideration of the above facts and arguments the Inspector General and the Government will agree in thinking that the acquisition is necessary and that it is unexceptionable. Early orders are solicited sanctioning the requisition and handing over of the new site to the Committee

V-II After the above lengthy working point first may be answered in a few words The new building is proposed to be built on the pattern of what is sanctioned for the Govt. Girls' school at Chital Drug, which has cost Government nearly Rs 5000. all of which was met by Government The Jubilee

Endowment Fund in the hands of Govt
amounted to Rs 4789-5-11 on the 13th
V. June 1896 (vide Comptroller's docket-
no 618 dated 13th June 1896 received
with the Inspector Generals docket-
no 7969/820. dated 16th June 1896): Out-
of this sum only Rs 59-5-11 have
been drawn lately (vide Inspector
Generals docket-no 3957/397 dated 23rd
November 1896) On account of Prizes
The Net Balance at the End of November 96
Amounts to Rs 4730. Out of this, one
half may be utilized for a
new building and the other
half Contributed by Government
The interest on the other half
of the Endowment Fund will
answer the occasional extra
Expenses for prize distribution &c
for which alone, the Fund is
usually drawn on.

Resolved that a representation

be respectfully submitted to Govt
ment for a re-consideration of their
orders, for the grant of early sanction
to the acquisition of the adjoining
site and to the construction of a new
School House.

Yours &c
Honorary Secretary.

le of the School is mainly attributable to
opt of suitable accommodation for the pupils
of this once important School The strengthening of
the staff of this school and the construction of a
good building for it are likely to lend to the
popularity and improvement of the School

No 6045/197 Encls 3 Mysore ~~Bangalore~~ 27th January 1899

From

H J BHABHA, Esq.,

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
in the General and Revenue Departments,
Bangalore

Sir,

With reference to your do not No 12298/28734-96 dated 12th May 1897, I have the honour to forward herewith copy of letter Mrs No 675 dated 14th January 1899 from the Deputy Commissioner Tumkur District for your information.

* Sl No 22

2 A meeting of the subscribers of the Empress Jubilee Fund was held on 1st September 1890 at which the subscribers decided on "giving the amount, namely Rs 5299-12-4, now standing in the Government Savings Bank in the name of the Deputy Commissioner of Tumkur to the Empress' Caste Girls School on the understanding that all that money 2000 Rupees which may be appropriated for providing a good building for the school shall be invested as a Fund for the school and the interest accruing thereon devoted towards the current expenses of the school

Sl No 2

On the receipt of the above decision of the subscribers through the Deputy Commissioner of Tumkur Government passed "Order C No 238-40 dated 22nd December 1891. The present Deputy Commissioner of Tumkur called another meeting of the "principal subscribers to the Jubilee Fund" on the 17th August 1897 with reference to the enquiry of Government made in the docket under reply. At this meeting it will be seen that the subscribers receded from their decision of 1st September 1890 and resolved that all the available money of the Jubilee Fund together with the subscriptions to be collected in connection with the Diamond Jubilee be utilised for the construction of a Town Hall at Tumkur. It is for Government to decide whether the subscribers can be permitted to recede from the decision they deliberately arrived at on 1st September 1890 on which Government Order C No 238-40 dated 22nd December 1891 was based.

3 I beg to draw the attention of Government to the necessity that has existed for many years past for providing a suitable building for the Empress' Girls' School and the remarks and suggestions of the Deputy Commissioner on that subject

I have the honour to be,
Sir,
Your most obedient servant,
H J Bhabha
Inspector General.

Mes. No. 675

Office of the Deputy Commissioner,
Trans Kuru District

Dated Camp Yedeyan 14/17th January 1899

From

The Deputy Commissioner,
Trans Kuru District

To

The Inspector General of Education
in Mysore

Sir,

In reply to your letter No. 2052/61 of the 13th May 1897, I have the honour to invite your attention to the annexed extract from the official report of the Proceedings held in connection with Her Majesty the Queen Empress Jubilee of 1887, from which it will be seen that it was the intention of the subscribers to the Jubilee Fund that the subscriptions collected on the occasion should be utilised for the erection of permanent memorials in the shape of a Market or Reservoirs of drinking water with distribution pipes in commemoration of the Jubilee - There was thus originally no intention of appropriating any portion of the Jubilee Fund towards the maintenance of the Caste Girls School which was started on the Jubilee day with the aid of Private

× dated 20th February 1887

subscriptions This school has now become a Government Institution and has, strictly speaking, no claim whatever on the Jubilee Fund which has nevertheless contributed from time to time, sums of money for the purchase of two buildings for the use of the school and for supplementing the cost of annual prizes to the students thereof.

2 As desired by you in the letter under reply a meeting of the principal subscribers to the Jubilee Fund was convened by me on the 17th August 1897 for the purpose of ascertaining their wishes in the matter of the proposed appropriation of the balance of the said Jubilee Fund towards the cost of a suitable building for the Empress' Caste Girls' School From the accompanying copy of the Resolutions of the meeting it will be seen that the subscribers to the Jubilee Fund are not in favour of the proposed appropriation and that they are still anxious that a permanent memorial should be erected in Trunkur in commemoration of the Jubilees of 1887 & 1897 They seemed to be of the opinion that their Resolution of 1st September 1890 had been practically given effect to by the purchase of two buildings valued at Rs 2000 for the school out of the Jubilee Fund and by the appropriation of the interest accruing from the Fund for the purchase of prize-books &c, if not for the current expenses Under such circumstances

I am not inclined to recommend that any portion of the said Jubilee Fund may be utilised for providing accommodation for the school -

3 At the same time I beg to bring to notice of Government the urgent necessity that exists for providing a good building for the use of the girls' School One of the buildings purchased out of the Jubilee Fund for the purposes of the School having fallen down during the rains in the previous year, it has been razed to the ground, and the other building having been found to be too small and ill ventilated, the school is now held in Mr V N Narasim Iyengar's house in the Fort This house is in the Centre of the town and is very conveniently situated for the girls residing in the Fort As the wants of the Harapett girls are provided for by the Grant-in-aid Girls' School newly constructed in the Southern Extension I am of opinion that if Mr V N Narasim Iyengar is disposed to sell his house in which the Caste Girls' School is now held it will be an advantage to buy it up for Government and dispose of the old School building as well as the site belonging to it

4 In conclusion, I may note for the information of Government that no steps have as yet been taken to collect fresh subscriptions for the construction of the

Town Hall referred to in the Resolution of the subscribers of the Jubilee Fund dated 17th August 1897 On this subject I propose to address the Government separately after the disappearance of Plague from this District.

I have the honour to be &c

Correspondence ending with letter No 6045 of 27 Jan 99 from the Insp. Genl of Edn. re the question of drawing the Stock of the Jubilee Endowment Fund & the provision of a sinking building for the Empress' Girls' School at Jammu.

Edn 78-96 16

Order thereon of 25th Feby. 99.

10159-61, dated Ed F 34-96 1st March 99

The Govt. consider
that the Subrs
& the Jubilee Fund
are certainly not
entitled to receive
from the understanding
come to by them
in Sept - /90 and already
accepted and acted
upon by Govt. &
the Subrs however
are not disposed to
consent to the conversion
of the whole of the
endowment into
a Building Fund, the terms of
their Resolution of
the 1st Sept - /90

work be adhered to
and the annual
interest accruing
on the balance of the
Endowment Fund
less Rs. 200/ reserved
for School building
to the work continue
to be appropriated
for prizes - giving and
other current Expenses of
the School.

2. The house belong-
-ing to Mr. V. R. Nar-
-simmayya and
referred to by the Dy.
Comm. - appears to
be unsuitable for a

school-building as
it is understood to
be situated in a crowded
locality. It is desirable,
to have a new building
as proposed by the
Insp-Genl of educ—
in a healthy and
eligible quarter.
To this ~~end~~ with this object, a good
site is an open
ground not far
from the town and
yet quite apart from
the its congested parts
should first be
selected in consultation
with the Sanitary

Chief - under after
wards a plan &
estimate may be
prepared
The site reported
upon in W. Phabbes
letter No. 7263/335 &
10th March 97
does not not appear
to be eligible on
sanitary grounds.

From

H. J. STABLER, Esq.
Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore,
General & Revenue Departments,
Bangalore.

SIR,

With reference to your docket No 11282
Ed 403
dated 16th February 1901, I have the honour to inform you that the site for the Empress' Girls' School Tumkur referred to in my letter No 6082/272 dated 8th January 1900 was subsequently found to be unsuitable. The Deputy Commissioner who originally approved of that site was subsequently of opinion that it was not suitable, and the question of selecting a better site was not considered until my visit to Tumkur last month. I found that the site originally selected could not be accepted, as on that site

there were until lately a number of Cheluvadi huts. Although these huts have now been removed, the soil is saturated with filth to a depth of many feet. The neighbourhood also is objectionable. The Deputy Commissioner, the Executive Engineer and the Assistant Surgeon as well as myself disapproved of the site, and after carefully inspecting all other available sites in the town we came to the conclusion that a part of the spacious compound of the Munsiff's Court was the most eligible site. It is beautifully clean, high and open to the breeze on all sides. I am in correspondence with the Deputy Commissioner about the grant of that site. As soon as the site is finally settled steps will be taken to obtain the plan and estimate of a building suited to the site.

I have the honour to be,
Sir,
Your most obedient servant,
H.J. Bhabha
Inspector General.

From

H J BHABHA, Esq.

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore in the

General and Revenue Departments

B a n g a l o r e

Sir,

With reference to correspondence ending with your docket No 12428/Ed 443 of the 19th March 1901 on the subject of site for the new building of the Empress' Girls' School Tumkur I have the honour to inform you that a portion of the compound of the Munsiff's Court marked yellow on the enclosed sketch is the best of all the available sites for the proposed building The site is clean high and open to the breeze on all sides, and the neighbourhood is unobjectionable The Deputy Commissioner and the Munsiff of Tumkur have no objection to the construction of a Girls' School on the portion of the compound as will be seen from their letters Nos. 1951 and 238 of the 20th April and 25th March 1901 respectively of which copies are forwarded herewith for the information of Government No inconvenience will be caused to the Munsiff's Court by locating the school on the site referred to above It will be a

great boon on the female school-going population of Tumkur if the site decided upon is granted for the Empress' Girls' School building I request therefore that Government may be pleased to grant that site at their early convenience. The site plan is forwarded herewith for referen and kind return when no longer required. On receipt of the sanction of Government for the grant of the site I shall take steps for the preparation of a suitable plan and estimate for the new building and submit the same for the orders of Government.

I have the honour to be,

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE
Bangalore 7th November 1901

No 4226/1147

From

H J BHABHA Esq M A,
Inspector General of Education in Mysore

To

A V Ranji-Lagga Esq, M A, M L,
Secretary to the Government of Mysore
General and Revenue Department,
Bangalore.

SIR,

I have the honour to inform you that the pay of the tailor in the Empress Girls' School, Tumkur, was raised by Order No 10926-7/ed 7 34-96 dated 2nd April 1897 from Rs 4 to 12 a month for the purpose of employing a competent man. The increased provision has not been utilised till now as the services of an able and full time tailor could not be secured. The Deputy Inspector of Schools, Tumkur, proposes the re-distribution of the full provision for a tailor, viz Rs 12 with

has been retained in the budget as detailed below

Pay

1 A tailor on - - - - - - - - Rs 6
(The present tailor's pay being raised from Rs 4 to 6)

2 Increase of contingent allowance to the school from 3 to 5 Rs for the purpose of providing sewing materials - Rs 2

3 A fancy work mistress on Rs 4

Total Rs - 12

I request that the above proposal may be sanctioned

I have the honour to be,
Sir,
Your most obedient servant,
H/ Bhabha
Inspector General.
